

Fabulous fact finding

Did you know that slugs have four noses, a snail can sleep for three years and a dairy cow can produce nearly 200,000 glasses of milk in their lifetime?

Ever see something and wonder what it's for and what it does?

Super Sudoku

Test your skills with a super Sudoku puzzle. The rules are simple, using the numbers 1-9 fill the grid, ensuring that every row, column and region only contains each number once.

Why not time yourself and play against others to see who can complete the puzzle in the quickest time?

4		1	2	9			7	5
2			3			8		
	7			8				6
			1		3		6	2
1		5				4		3
7	3		6		8			
6				2			3	
		7			1			4
8	9			6	5	1		7

Patchwork paper

Cut out 20 5cmx5cm squares of paper and decorate each one with a different item from a theme of your choice.

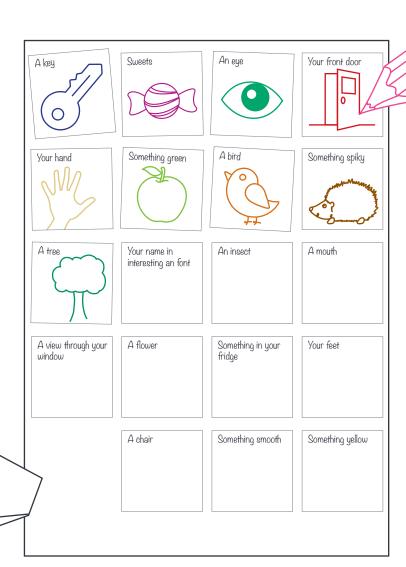

Your theme could be:

Memories that remind you of your time in lockdown, like rainbows and what you saw on your daily exercise route.

Your favourite things like food, family or animals.

Items at random like the examples here...

Whatever you choose, get creative and have fun with it.

Once all 20 squares are complete, arrange and stick them on a sheet of paper to create a patchwork masterpiece.

Ridiculous riddles

Put your brain to the test and solve as many riddles as you can! The answers are below, but no cheating! How many did you get right?

	Answer
I follow you all the time and copy your every move but you can't touch or catch me. What am I?	
2. Where does today come before yesterday?	
3. What goes up but never comes down?	
4. What has many keys but can't open a single lock?	
5. I have one eye but I can't see. What am I?	
6. I have lots of words but I never speak. What am I?	
7. What can't talk but will reply when spoken to?	
8. What is always in front of you but can't be seen?	
9. I am full of holes but still hold water. What am I?	
10. I'm tall when I'm young, and I'm short when I'm old. What am I?

Answers J. Your shadow 2. A dictionary 3. Your age 4. A piano 5. A needle 6. A book 7. An echo 8. The future 9. A sponge 10. A candle

Excellent experiment

Make your own lava lamp

You will need:

- A tall glass or bottle
- A tablespoon
- Vegetable or sunflower oil
- 10-20ml of water, depending on the size of your glass/bottle
- Bicarbonate of soda or baking power
- Food colouring

Method:

- Half fill your glass or bottle with oil
- Then pour in the water until the glass/bottle is around three quarters full
- Add in several drops of food colouring
- Add in the bicarbonate of soda or baking powder and watch it come to life
